We are pleased to present the second edition of the English newsletter. Maya CARE's relentless social work for upliftment of the elderly and persons with disabilities (PWDs) is continuing with invaluable support from you.

We are happy to announce that recently, a short film on our Bindu (PWD) team member Abhijit Mali, won the best film award in "Comprehensive Disabled Care" Category at the second Socio CSR film festival held at Pune.

Maya CARE is now operating in 70 Indian cities and 4 UK cities; and is sincerely addressing the issues of old age such as limited regenerative ability, dementia, loneliness etc by engaging mentally with seniors as well as helping them with compassion through a network of devoted representatives.

The Coronavirus epidemic was a big challenge. During that period, we helped vaccinate 1200 senior citizens with the help of our PWD staff and volunteers. During the pandemic, more than 40,000 masks were distributed to the small vendors who could not stay at home but had to continue working to earn their daily bread. Also, umbrellas were given to needy vendors at Pune to help combat the heat wave. As part of an awareness campaign, auto rickshaw drivers at Pune and Mumbai were given water bottles and pamphlets of Maya CARE for display inside their autos.

Inclusive approach is the key to ensuring equality in the society. Our Bindu team comprising the PWDs has groomed a lot of emerging leaders. Maya CARE is trying its best to ensure this by providing Bindu team members with professional training. Maya CARE has also performed several honorary entertainment programs at various elderly care facilities in India. Holi was celebrated at an old age home at Ahmedabad by volunteers to bring smiles on the faces of the seniors.

Recently, International Women's Day was celebrated across the globe. The challenges of women have increased manifold in this era of globalization. They have to look after the elderly in their family as well as younger ones while devoting time to their careers. No doubt women excel in all of these.

Wishing belated Happy Women's Day to all the ladies.

We are grateful for your continued support and appeal to you to kindly contribute financially to the cause as Maya CARE is trying to reach as many elderly as possible as part of its operational expansion.

Thank you.
